

A NIGERIAN MUSLIM CLERIC'S TESTIMONY ABOUT HIS ENCOUNTER WITH JESUS
CHRIST

CONTINUED FROM PART ONE

All of you have the Quran, you can go and open your Quran and read it, so you'll understand what I'm saying. When we are praying, every Muslim knows this one ...for this one ...every Muslim knows it. Immediately the Imam says, "Allah, Akbar", ...that's the first ...whether Imam is leading you, whether you're praying at your home alone as a Muslim or your working place, when you say, "Allah Akbar", that's the first chapter you recite, Every Muslim knows it because they make us learn it at the age of seven or eight. When we say, "Allah, Akbar", what do we say? We say, [Arabic] then we say, "Amin" [Arabic]. Muslims, pause for a moment, ask yourself, why do we say [Arabic]? Quran chapter 1 verse 4, why? It means, show us the straightway. [Arabic] Show me the straightway. That means ...Why do we keep repeating this, Jesus asks me. If truly the prophet Muhammad [Arabic] knows the way, "Why did he keep asking Allah to show me the straight way?" This particular verse, Quran chapter 1 verse 4 is repeated 27 times a day in the 5 led prayers, show me the straight way. Show me the right way. It means you don't know the way. [John 14:6]. Now I saw the man. He told me, I am the Way, the truth, and the life, no man cometh to the Father except by Me. I believe it! [Philippians 4:7 + Colossians 3:15].

The kind of peace I'm having, my Muslim brothers, I've never felt it since I was born, it's like somebody poured chilled water within my heart. It's like my burdens are taken away, I feel peace, it's like they've given me the whole world. Honestly, I see myself bigger than even...this man, the president of America ...Trump. I see myself bigger than Trump. Excuse me, when you put Trump inside a room, Trump can't come out without a key, but me, Muslim brothers, I came out today without a key. I want to tell you how it happened. I was locked in a room this morning when my father locked me in a room, he was angry about what Jesus said... and he sacked the doctor. Because the doctor told him...maybe he knows we're Sunni Muslims and we don't read the Bible but that everything I'm saying the doctor Dr. Joseph tells my father...that's he's Catholic ...the things I'm saying, they're in the Bible.

So my father said, Dr. Joseph, you better stop, don't make me angry. You are a doctor, if I may ask you, how did you become a medical doctor? Dr. Joseph? Did you just sleep overnight and wake up and begin to know all the doctoring inside your head? Or you went to medical school? The doctor tells my father, "Oh Imam, I went to medical school. But Imam Ibraheema, the things of the Spirit is not like the physical. And my father found out and said, forget that nonsense, my son we're Sunni, we don't touch the Bible, we don't read the Bible. So how do you mean my son is saying the mysteries of the Bible? The doctor tells him, oh ...Imam, I am a Christian and a Catholic for that matter, and your son ...everything he's saying is in the Bible. My father says you know what? Just

leave my house! He was angry; he sacked the doctor and locked me inside the room, and told the gateman not to let me pass. I was worried. I start losing faith despite all that happened.

My prayer ...I'm saying this for my Muslim brothers to understand. My prayer is that The Lord Jesus Christ who appeared to me, that He would continue to appear to my Muslim brothers and sisters. I discovered that that is the best way for them to remain. If a pastor preaches to them or somebody, if care is not taken, even if they come out, they'll start having doubts or maybe they may return. Why? Because of maybe the persecution and of the difficulties. But If Jesus Himself doesn't appear to them, nothing will change, my brother. It's a powerful thing! So I was worried, I started doubting why I am saying this ...me myself I started doubting when my father slapped me and locked me in a room, I started doubting, I started losing faith, but then all of a sudden that Voice told me that, My son, don't doubt, don't think like that, I was amazed. What I was thinking in my heart was that if my father comes, I will tell him to forgive me. My father is right, this is not God, and it's a demon. So what I was even thinking, this Voice knew that. He tells me that My son, don't think like that. I am the Holy Spirit; don't call Me The Voice from today. I am the Holy Spirit. I am the third person of the Trinity in the Christendom. And I said, ah ... but the person who appeared to me on Monday about 3:45am says He is Jesus. [Ezekiel 43:2; Revelation 1:15]. He came in a very powerful light, and His voice was big, powerful, it's like when you're around the Riverside, the sea, it's coming like how the water is used to come. That's how I'm hearing Him, and then why is Yours a still small voice, and why are You saying You You're the Holy Spirit? "He says yes, indeed Jesus visited you in His glory on Friday ...sorry, on Monday, at about 3:45, but right now, Jesus is at the right hand of the Father interceding for the believers [Romans 8:34]. I am the Holy Spirit. I'm the third person of the Godhead, don't be afraid. Don't think like that. From today, if there's anything to think of, My son, as a child of God, think what is pure, think what is holy, think what is righteous, and think what is faithful, because, against such My son, there is no law" [Galatians 5:22-23].

[Proverbs 23:7] As a man thinketh in his heart, My son, so is he. Don't think negatively. It's not part of My kingdom. Fear is not part of My kingdom. Doubt is not part of My kingdom, it's of Satan. Don't doubt, I have created the whole world, the whole world is My creation, but only the Christendom is My creation. I say, ah ... how do you mean?

So you mean Muslims are not part of it? [1 Peter 2:9] He says yes, the Christendom are My royal priests, a peculiar people, and a holy nation, I created them to reign in life as [kings?], but since they're having a problem, some of them, many of them are also not reigning. They believe Me, but they see My Bible as a storybook, some see it as a novel. Some even think that the miracles that are inside, when I was on earth, the great Jesus was on earth they are not believing them again [Hebrews 4:12]. They don't know My word is powerful and sharper than any two-edged sword. They don't know that. So..They're full of fear and doubt. Those kinds of Christians, My son I don't want you to become like them. I call them lukewarm Christians [Revelation 3:15-16]. And I say, what is lukewarm Christian? I don't understand, Holy Spirit. He says, yes, they believe Me today, the next 5 minutes, they doubt, so that is why they're not getting what they're getting. Because the Christians, My son are My royal priests. [Matthew 18:18-20] Whatever they decree on the earth will be decreed in the heavens, what they loosen on the earth will be loosed in heavens. Why is it

not happening that way? Because they are doubters. [Matthew 15:8] They worship Me, some of them with their lips, but their hearts this far away from Me, it's not there, that is why My son. From today, believe, don't be like that only believe, My son. They that believe out of their bellies shall come out rivers of living water. [Revelation 3:7] Don't ever doubt, now hold the door. I say, Oh... but the door is locked, He says hold it, I have the keys for all the door, If I shut it, no man can open it, and if I open it no man can shut it.

When I hold the door, it's like somebody put a key in the room, the door was opened. I'm going mad my Muslim brothers, I cannot believe this, but I was afraid because the security man was at the door. He says no, the man cannot see me. I said oh... the man will see me, he's there, and he has eyes and ears. Then the Holy Spirit says, no My son, it's high time for you to believe My word, it's high time for you to honor My word. Walk through, the man will not see you. I say the man will see me! [Mark4:12] "He says no, my son. They have eyes but they cannot see, they have ears but they cannot hear. The god of this world has blinded their eyes; let the light of the glory of the gospel of Jesus Christ, who is the image of God to shine onto them. They cannot see, walk through the door! And I walked through the door, nobody said a word. I cannot believe this.

Then He said I should charter a taxi for a place called Agege Capital road. I said, oh, I don't know anybody in Agege in the first place, not to talk of Capital road. He says I should just charter a taxi, the driver will know there...When I get there, on the Capital road, I should ask for a company. There's a company there, it's called Habib Yogurt. I said, ah ...I don't understand, are you sending me to a Muslim? So many of my Muslim brothers must know this place. Habib yogurt. I'm doing this for the whole world, you can go and verify. I say, oh ...but I don't know Habib Yogurt. He said, yes, Habib is a Muslim, My son you're right, but it's called. They named the yogurt after his name because he's become so popular in that business; he's a distributor of yogurt.

He has a company there, in that place, most people in Agege know him. Just at the capital, ask anybody, they'll show you there. Go there, when you get there, tell him he's My son. His name is Habib. Go there My son, tell him that people have been preaching to him concerning Me for some time, his friends, his neighbors ...but he's rejecting it. He wants... Unless I heal him before he can believe them. He says that if what everybody is saying is true then Jesus will heal him from that disease. Go there and tell him. ...he doesn't know you're a Muslim like him and he will believe you. Give him all the passages of the Quran I showed you and after that tell him that to confess Me as Lord and personal Savior. Lead him to Me just like the pastor led you to Me, And by doing so tell him that he will be healed. I said, is this a joke? He said no, and I said OK no problem.

I went there, but he wasn't around, I met the people working in the company. They said I should wait. They have no problem because I'm a Muslim, I should wait. They called him, but he said he doesn't know me, but they say I have a serious message for him concerning his sickness. So when they mentioned the sickness to him, he became amazed, he said how did this person know that I am

sick? Anyway, he's interested he's coming on his way. But later he said he couldn't make it but his wife will come and meet me, Hajira will come and meet me...[Hadira Khadijah?]. When she came, I sat down and explained everything to her, she was amazed, and Jesus told me that His word has no barriers, it passes nations and cities, I shouldn't worry, and I should just help his wife...eh, to confess Jesus as her Lord and personal Savior. She was amazed, and she confessed Jesus as her Lord and personal Savior, and I said that she should call her husband, and she called her husband on the phone, and he also confesses Jesus as his Lord and personal Savior. They said I should not go, I should stay there... eh ...because when ...immediately he confessed Jesus as his Lord and personal Savior, instantly he says that he's been going through pain, his leg was swollen ..and walking was difficult ...so he is driven in a car to his door before he can enter his room. The car also has to come to pick him right there to his office. So instantly he says that... immediately he says that he will call us back in 5 minutes. The swollenness all disappeared, the healing was instant.

So he says I should stay at his house, he's going to clothe me, feed me, shelter me, he's going to give me anything, he's a billionaire. Immediately he said that all of a sudden, Jesus tells me I should tell him, does he think the gift of God can be bought with his money? [Acts 8:9-25] I should tell him that The Gift of God cannot be bought with money, it's priceless. I should tell him that his motive for that one is not pure. He's surprised by the power in me, he wants to use me, he's so happy to do things ... [Acts 26:17-18] I should tell him no, that it is not the glory of God. It's not for sale, the Work of God is not for sale, it's to save souls from the darkness of Islam to the light of the Gospel, and that is the purpose for which I am called, to become a Confirmer for the Christendom, and for the Christians to know that what they have is more than diamonds.

What the Christians have is more than anything in this world, so they should hold it with all their two hands and run with it without holding back. That's my purpose and calling, and he brings me to his servant who will train me. And I said, oh ...I don't know that your servant, I met him only yesterday when he directed me there, so he cannot be my passbook and tell me. He says his servant is my father, I say no, my father is the imam, and his servant cannot be my father. [1 Corinthians 4:15-16] He says, no I should listen to him, in his kingdom, there are many instructors and many teachers, but not many fathers, and his servant is my spiritual father. I should listen to him, the time has come, his servant will use me, because he is about to change that Church, he's about to put thousands of souls in that church so that the place even becomes small, and they have to buy other new branches coming to open the financial doors for his servant, even though his servant is not telling anybody but his servant is going through financial difficulties right now; but I should tell his servant that two weeks from today, the disappointment, the failures, and the limitations are over because he has answered the prayers of his servant, since the 31st of Passover last year, but I should tell his servant that He the Lord works with time, and at the fullness of time, He makes all things beautiful in His own time. I should tell his servant, this is the appointed time, and two weeks from now the glory of the latter house shall be greater than the former in the life of his servant. I should tell his servant to arise and shine because His light has come and His glory is written upon him. [Isaiah 60:1] I should tell his servant that nine gifts of the Holy Spirit are in his life, so I became confused at that place.

I asked him, I'm getting confused Holy Spirit because He told me that He's three personalities, God the Father, God the Son, and the Holy Spirit [2 Corinthians 13:14]. So when I woke up at night, I became confused, I don't understand. I say, Ah ...but You told me You are three, He says, no My son... [Christians will not understand me, but you Muslims will understand. We are very inquisitive; we want to find out everything...] So, I said, it's three, right? So how did it become nine? He said, no My son, I don't teach you that part yet, [we are nine, don't worry] I am nine manifested gifts in the Holy Spirit, all is inside My servant, but some of them are not manifested.

[PERSONAL-COMMENTARY]: Romans 12; 1 Corinthians 12 – At first listen, it sounds like he's saying there are nine Holy Spirits manifested. That is contradictory to the words of scripture. It seems more likely that he's struggling for words to describe nine different spiritual gifts the Holy Spirit had given to the pastor being referenced at minute 38:00 - 39:00. Spiritual gifts are abilities (sometimes, supernatural) the Holy Spirit gives Christians for the benefit of the whole Church (Romans 12 + 1 Corinthians 12), and there are quite a number of them. So it may be that, as is the case for many pastors and church leaders, this particular pastor was blessed with nine of them. Plus, when the audio resumes at minute 39:43, it becomes clear that the context of the statement was the spiritual gifts that were yet to be manifested in the life of the servant/pastor in question. This is also more than likely the case because at least on three separate occasions in the recording, he unabashedly makes it clear that God is three-in-one, God the Father, God the Son, and God the Holy Spirit].

Now tell My servant that his prayer has been heard. It is appointed to him two weeks from today, he will see the nine gifts of the Holy Spirit in its real manifestation. Tell My servant that as he's ministering, I will cause the sick to be healed, the blind eyes will open, and the deaf will hear, instant miracles shall take place. As I backed the words of the disciples in the past, so I will back his words with signs and wonders. Tell My son that the time has come, tell him only to prepare from the [ground] bottom of his heart. Tell him that that woman is his woman, that wife is his wife, tell him that the relationship of marriage is like the [Tit and the Tom] And so many the Muslims will be asking, sorry, the Christians, how is it that he can memorize all these things? Well, my Christian brothers, you can find out from the Muslims, we're not like you people. From childhood we have been [trained] to memorize the entire Quran, so we can memorize things. But not only that, I think Jesus is now doing His own thing. How can I explain to you what is happening to me? It's like when a man takes black ink, or black Biro, the ink, and then pours it on a white cloth, the way it sticks, everything I hear, that's how it keeps sticking... I can't forget it a thing of it, but I understand something strange happened.

When the Voice told me to tell this to His servant, he told me... now... I should open my mouth right in front of the Muslim brothers... I am...sorry, the Muslim woman. I say I don't understand, he just opened my mouth wide. When I opened my mouth, I saw a hand... [Isaiah 6:6-8; Revelation 1:12-16]Uh... that is why I want to talk to His servant, at all cost, I have to call him. I need to talk to the pastor. I am normal? Is this a demon as my father is saying? Am I normal? I've never seen such a

hand, it's sparkling like a diamond but at the same time it's like a flame of fire, then He stretched forth that hand and I saw that hand touch my mouth. The person tells me that I have put my words in your spirit and my spirit in your mouth, from today, I have given you power over... the powers of Islam, My son, and nothing shall by any means hurt you. I've given you the power to uproot and to plant, and to destroy. You are My chosen prophet. I say, oh... I cannot be a prophet, the Quran says Mohammed is the last prophet; Quran chapter 8 [verse 4], Mohammed says [Arabic]. He says forget that My son, Mohammed is not the last prophet. [Ephesians 4:11-16] That is a lie, I am the Holy Spirit, and I still choose who are the prophets, teachers, pastors, apostles, evangelists, and prophets for the perfecting of the body of Christ. Don't be afraid My son, the hour has come and the time. My body, Christendom is My chosen people, but they have become too cold they are weak for Me recently; I want to bring revival to the world again. I want to show them the time has come, very soon the rapture will take place, don't be afraid.

[1Thessalonians 4:16]I say, eh...what is the rapture? He says don't worry My son, your spiritual father will tell you what is the rapture. That is why I have chosen him as a father over you. You are only hearing My voice, but My servant knows My way, he will tell you things, don't be afraid. So, he says I should leave the person's house, they were not happy. I say, well I have to leave, but Jesus says no problem when the time has come, He will bring me back. So he [Habib] says I should collect his number, Jesus says no, I should not collect his number. I say, why? He says because your work with them is finished. I will tell you when you will connect with them again. If you collect their number, your father will pursue you, and he will pursue them. He will find you. Don't do that, My son, just go, and go to My servant. The time has come.

[Romans 3:10-12] This is why I want my brothers in Islam to understand that no matter how righteous you are... you should know I'm a Sunni, and all of you know what it means to be Sunni. No matter how holy you are, all of my family, my household, my in-laws, everybody knows me... the woman I'm betrothed... not married yet, but they all know me, I live a holy life. She used to ask me if you're listening to me Mariama...ah,...tell me the truth, ...Mahmoudu, are you alright? Are you gay? Or are youYour thing, is it working? I told her my Thing is working, I'm just waiting for the right time. Why? Because Allah says in Quran chapter 12, verse 15? [Arabic]. Don't even come closer to that thing; Allah says, indeed, it's a dirty thing.

It's the worst sin another point is that.... when they judge people on the day of judgment, people in [Gehenna?] the hellfire, Quran says armed robbers are there, 419 are there, thieves are there, eh... all kinds of evil are there when God punishes them, they're in the hellfire, But the Quran says that all those kinds of criminals, armed robbers, thieves, 419, murderers, ritual killers - they'll be begging Allah to take away the fornicators outside! Could you imagine? So it's a serious thing! This means the Quran says that some water is coming out of their private parts, which used to pollute the whole environment of hell, it so smells. Quran says that.

To the point, they are begging Allah to take them outside! They're all criminals, as criminals in the... eh... Kiri Kiri, are begging the officers, take these other parts of criminals outside. Deliver them! This shows the seriousness of fornication. So I used to tell her I cannot afford to do that. So, my Muslim brothers, you can see that only Jesus is the cure. I have peace, which I've never found in Islam. We say Islam is peace but we've never found peace, but now I'm having peace. I thank Jesus Christ who has delivered me, and I thank... Jesus told me that the time has come and hour, he says that I should let my Muslim brothers know based on Quran chapter 15, and Quran chapter 14, and Quran chapter 8 and even Quran chapter 3, all these four chapters, Allah mentions in each of them... [Arabic].

That all you who believe among the Muslim men and the Muslim women, surely the people of Israel have not differed from the truth until the clear proof has come to them that they have changed the books which I've sent to them, which is the Injil, the good news and the Torah which is the Torah. Therefore Allah says that, wherever you find them, pursue them, kill them, for surely [Arabic] will grant you 70,000 [prestigious] virgins in Al Jannah, in heaven, and even if you should die in the course of the process which is the Muslim holy war, Allah says, you will surely be in heaven. And when I tell this to his servant, his servant told me, oh, God is too much, I have been praying sometime ago. I told God that delivers that... the governor of Kaduna, I don't want to mention the name for security purposes, he knows me very well. I don't want to have a problem with him, but this is what his servant told me, that they had been praying, and God showed me a vision praying for that man, and that means that it is amazing.

And Jesus also confirmed to me that... eh...The prayer of the Christian, that is the reason why He appeared to me, not because of my prayers or my fasting or my righteousness. It's the prayers of the Christians. Only their prayers are what are answered. No prayer is answered, Jesus said, unless it is said in the name of Jesus with a sincere heart.

My Muslim brothers, why do we kill human beings? Imagine God who created human beings now will command us to kill human beings again?!? And in that process, you will go to heaven? This has developed every hatred in every heart of Muslims to hate the Christians, no matter how they present the love to them or chat with them. In their heart, they still don't love them. I beg of you, in the name of Jesus, my Muslim brothers and sisters, I want the salvation of your souls, I know what all of you desire, you fast for 30 good days, every day, 30 good days, you wake up 3 o'clock to eat something and continue like that till the following evening, 7 o'clock and break. The following day, again the same thing [Colossians 1:13]. All this effort, I'm sorry to say this, but you will be disappointed on the Day of Judgment if you don't have the Lord Jesus Christ, all these things will be in vain. I pray to my father Jesus Christ to save all of you and to deliver you from the darkness of Islam.
